

DOCUMENT DE TRAVAIL pour construire *le cahier de sons des mots anglais* **Circonscription d'Étaples.** **Animations pédagogiques des 27 janvier et 3 février 2010**

Sont repris ici les mots du cahier de vocabulaire.

Ils sont classés en fonction des phonèmes dominants et caractéristiques de la langue anglaise.

Un même mot peut-être classé à différents endroits.

Exemples difficiles pour des mots courants : « tomorrow » « cereals » « mosquito » « potato » « vegetable »
 « pyjamas »

Chaque école sélectionnera les mots en fonction de leur fréquentation réelle au travers de la méthode choisie. Si on y ajoute d'autres mots, il faudra vérifier la prononciation dans un ouvrage de référence (certains dictionnaires, dont le dictionnaire spécialisé de Daniel Jones).

Les mots référents peuvent être modifiés. Le signe phonétique n'est pas nécessaire dans le cahier de l'élève, il est surtout utile à l'enseignant.

La présentation dans le cahier doit être « ludique » et sans ambiguïté pour l'élève. Elle est même un gage de réussite : c'est bien parce que les mots seront revus par analogie phonologique, et non plus par champ lexical, qu'ils seront correctement mémorisés et que la prononciation anglaise sera mieux maîtrisée.

Sounds of English

The vowels of English

<i>Les brèves</i>	<i>Les longues (utiliser l'image de l'élastique)</i>
ship SHIP	sheep SHEEP Tea TEA (élastique)
